

Circular No. 10/2008

- Sub: Motor Vehicles Department - Retrofitting of LPG Kits - Serial numbers of Multi Function Valves - Clarification issued - reg.
- Ref: (i) GSR 284 (E) dated 24.04.01.
(ii) This office Circular No.13/2005 dated 08.10.2005.

As per the Circular referred to above, it was instructed that application for "endorsement of LPG Kits details" in the Registration Certificate book should be accompanied by attested copy of the certificate issued by Director of Explosives for each Multi Function Valve, mentioning the serial number of the particular valve installed, in addition to other requirements specified in the Circular. But the GSR 284 (E) dated 24.04.2001 envisages that the approval by the Department of Explosive for each multi function valve is needed only for Foreign make. Hence all Regional Transport Officers and Joint Regional Transport Officers are hereby instructed that the type approval certificate need not be insisted for each Indian made multi function valve, as the rule envisages separate number and approval only for Imported Multi function valves.

Transport Commissioner.
