The matter was placed before the RTA which held on 11/11/2016 vide item No.22 and taken the decision as “.....Heard Adv. G Prabhakaran, the learned counsel represented the applicant. This is an application for the variation of Regular Permit in respect of stage carriage KL-05-P-7317 on the route Eara - Ayirramthengu via Kurichy – Chethipuzha – Changanassery – Kavumbhagam – Mannar - Mavelikkara and Oachira As Kottayam -

Ayiramthengu by curtailing the portion from Kurichy to Earra and extending the route from Kurichy to Kottayam. The S/C KL 05 P 7317 is having a regular permit on the route Earra – Ayiramthengu via Kurichy – Chethipuzha – Changanassery – Kavumbhagam – Mannar - Mavelikkara and Oachira. The proposed variation is from Kurichi to Kottayam by curtailing the route portion from Kurichi to Earra at a distance of 3 Kms. KSRTC raised strong objection that there is a scheme violation at a distance of 3 kms overlaps from Kottayam to Kanjikuzhy violating Clause 19 of Notification. The extended route length is 19.9 kms from Kurichi to Kottayam lies on Kottayam district. Also they objected that 3 number of trips increased in the Notified route Kottayam – Thekkadi and Eranakulam – Thekkadi, violating Clause 19 of Notification vide GO(P) No. 42/2009/ Trans dtd. 14.07.2009. Clause 19 of the Notification read as follows; ‘The right to operate any new service and to increase the trips in 31 routs in the Annexure or its portions will be reserved exclusively for State Transport Undertaking’. There are mass complaints from the traveling public of the curtailed portion especially from Vazhapally Panchayath, Lurde Matha Church, Palli Bhagavathi Devaswam, Devi Vilasam NSS Karayogam, the students of Govt. Technical HS Kurichi ie, from Kurichi to Earra at a distance of 3 kms.

This curtailment will adversely affect the traveling public especially the students. Hence the application for variation is rejected”.

On 30.12.2020 the permit holder submitted a judgment from the Hon’ble STAT in MVAA No. 29/2017 dtd 06/11/2020 and which reads that “.....The first respondent is directed to reconsider the modified proposal for variation afresh and pass orders in accordance with law after hearing both sides including KSRTC”.

The matter was again placed before the RTA which held on 13.10.2021 vide Item No. 2 and taken the decision as “....Heard the learned counsel represented for the applicant. This is an application for variation of regular permit in respect of stage carriage KL-05-P-7317 on the route Earra-Ayiramthengu via Kurichy – Chethipuzha – Changanassery – Kavumbhagam – Mannar - Mavelikkara and Oachira **as** Kottayam - Ayiramthengu by curtailing the portion from Kurichy to Earra and extending the route from Kurichy to Kottayam. So many representations received from Lourdes Matha Church Kottayam, Devi Vilasam N.S.S. Karayogam Neelamperoor, New India Church of God, Vazhappally Grama Panchayath, Kurichy Grama Panchayath and public objecting the curtailment of the portion from Kurichy to Earra. Because there is no other stage carriage service on this portion. KSRTC strongly objected in connection with the violation of scheme in the notification No.G.O.(P) 8/2017/Trans dated 23.03.2017 and Notification No. G.O.(P) 42/2009/Trans dated 14.07.2009.

Frequency of service on the curtailed portion and extended portion should be ascertained by the field officer. Hence **adjourned**”.

Subsequently enquiry has been conducted in this regard through MVI, SRTO, Kuttanadu and it reveals the following as part of this route where curtailment is sought viz:- Kurichy to Eara where many schools, College, Govt Officers are located namely Eara Krishi Bhavan, -known as Neelamperoor Krishi bhavan, Eara NSS h, RVLP School, Panchayath Office, Govt Ayurvedha Hospital, South Indian Bank, Sark and Kalpaka Pepper factory, Neelamperoor LP School, PH Centre, SBI Kurichi Govt HSS and St. Marys College etc, the Stage Carriage service in this portion is beneficial to all sectors of the people living in this area and for those who are on daily commuting enroute for various purposes.

Hence RTA may hear the applicant and take a decision in this matter.

5. Existing route length : 32Km

6. Intra/Inter : Inter district

Proposed Variation

- i. Deviation of route : N/a
- ii. Curtailment : N/A
- iii. Extension : Extension from Pvt Bus Stand
Kayamkulam to Pullukulangara jn
via KSRTC Jn, Kamalalayam Jn,
Vadakke Anjilimoodu
Koottamvathukkal Bridge and Pipe
Junction
7. Length of proposed extension : 8.6 Km
8. Virgin Portion if any : A distance of 900 mtrs from pipe

which does not exceed 5% of the
route length and hence there is no
valid overlapping as per GO(p) No
42/2009/Trans dtd 14/07/2009.
7. Necessity of variation with
Specific remarks : As per rule 145(6) of Kerala Motor
Vehicle rule 1989, variation or extension may be allowed. Deviation in trips
is beneficial to the Travelling public and student in Kayamkulam Puthupally

and no other Stage Carriage permit exist in the route. Sufficient halting time
at Kayamkulam so that variation will not affect the

Notes : The stage carriage KL-31-A-23 was covered by regular permit on the route Keericadu Jetty-Adoor via Paravoor mukku, Pullukulangara, Pulimukku, ONK Jn, KSRTC Jn, Muncipal Jn, Kuttitheruvu, Kattanam, Charumoodu, Nooranadu, Bhavadasan mukku DB, Pazhakulam. The regular permit thus issued was expired on 02.05.2018. This is not a saved permit. The RTA, Alappuzha held on 11/7/2018 had rejected the application for renewal of permit since the route overlaps on the notified scheme more than 5% of the total route length. Against this decision, the permit holder had filed an appeal before the Hon'ble STAT in M.V.A.A No.246/2018. Till the disposal of this appeal, the Hon'ble STAT had issued interim orders in regular intervals, which enabled the permit holder to continue the service on the above route. On 7/9/2019, the permit holder produced final order of the STAT in M.V.A.A No. 246/2018 in which the STAT granted an opportunity to the permit holder to submit a modified proposal for avoiding objectionable portion of overlapping. The Tribunal also directed this authority to consider the said modified application and pass orders in accordance with law within two months from the date of receipt of said application after hearing both sides including KSRTC. Till such an order is passed the applicant is permitted to continue operation.

On this an enquiry was conducted through Motor Vehicle Inspector, Mavelikkara and the matter was placed before the RTA which held on 13.10.2021 vide item No. 6 and taken the decision as ".....Heard the learned counsel represented the applicant and other operators including KSRTC. Perused the judgement of Hon'ble STAT in MVAA No. 246/2018 dated 03.09.2019. This is an application for renewal of permit in respect of stage carriage KL-31-A-23 on the route Keericadu Jetty - Adoor via Paravoor mukku, Pullukulangara, Pulimukku, ONK Jn, KSRTC Jn, Muncipal Jn, Kuttitheruvu, Kattanam, Charumoodu, Nooranadu, Bhavadasan mukku DB, Pazhakulam, High school Jn, Adoor old Pvt stand for a further period of 5 years w.e.f. 03.05.2018. The application was rejected by RTA Alappuzha, since the route overlaps the notified scheme more than 5% of the total route length. The permit holder preferred an appeal petition before Hon'ble STAT and Hon'ble STAT in its order in MVAA No.246/2018, granted an opportunity to the permit holder to submit a modified proposal for avoiding objectionable portion of overlapping and directed this authority to consider the modified application and pass orders in accordance with law.

Considered the modified application on merits. Since a modified application is filed by the permit holder, the application is considered as fresh. This is an inter district route having a route length of 28 kms. The proposed modified route overlaps the notified route for

- a) 26 Kms form Kayamkulam to Adoor HS and 500 meters from Parthasarathy Temple road Junction to Adoor Central Junction (Kayamkulam – Punalur and Kayamkulam – Kulathupuzha scheme)

- b) 400 meters from Kayamkulam Private bus stand Junction to Kayamkulam Police Station Junction (Kayamkulam - Haripad (via) Thattarambalam Scheme).
- c) 350 meters from Adoor HS Junction to Adoor bye pass Junction (Thiruvananthapuram - Thekkady (via) Changanassery scheme).
- d) 270 meters from Adoor to Adoor Central Junction (Kottarakara - Kottayam Scheme)

The scheme Kottarakara - Kottayam is an approved scheme (ie) complete exclusion scheme with exceptional clause. Kayamkulam - Punalur and Kayamkulam - Kulathupuzha are approved schemes under partial exclusion scheme category. The scheme Kayamkulam - Haripad is an approved scheme falling under complete exclusion with exception clause. The scheme Thiruvananthapuram - Thekkady (via) Changanassery falls under the 31 routes mentioned in approved schemes in G O (P) 8/2017/trans dated 23.03.2017.

If there is a scheme in force with reference to the concerned route, the authority has to adhere to the terms of the scheme. This authority has to verify, whether there is absolute bar in the scheme against the grant of any permit on the notified route or any portion of the route. If there is an exception provided in the scheme, the authority has to look into the scope of the exception. KSRTC has filed objection against the consideration of application on the modified route. The enquiry officer has reported that route portion from Keericadu Jetty to Kayamkulam is an interior area, hence the curtailment of service on the above route will affect the smooth conveyance of travelling public. Hence Secretary RTA shall conduct an enquiry and file a detailed report with recommendation on the schemes and its clauses on the route applied by the permit holder and place before next RTA. Secretary RTA shall consider application for TP U/S 87 (1) (d), for continued operation of stage carriage as provided in the order of Hon'ble STAT. Hence **adjourned**.

Notes : The stage carriage KL 7 AE 7121 was covered by regular permit on the route Veeyapuram – Venmony via Cyclemukku, Mannar, Budhanoor, Chengannur, Kanjirathumoodu, Kakkanattupadi, Parachanda, Changamala, Illathumeppuram. The validity of regular permit was expired on 13/5/2016. This is a saved permit. Belated application for renewal of permit was received on 2/5/2016. Request for condoning delay and medical certificate was also received. The enquiry conducted through MVI, Chengannur. The RTA, Alappuzha held on 11/11/2016 had considered this application as item No. 77 and rejected with the following decision.

‘ Heard the learned counsel represented the applicant. Application for condonation of delay in filing the application for renewal of regular permit in respect of stage carriage KL 7 AE 7121 operating on the route Veeyapuram – Venmony via Cyclemukku, Mannar, Budhanoor, Chengannur, Kanjirathumoodu, Kakkanattupadi, Parachanda, Changamala, Illathumeppuram. On perusal of records the vehicle KL 7 AE 7121 completed 15 years as on 15/8/2016 and not suitable for stage carriage service as per law. No replacement application has been submitted by the applicant in time. KSRTC and other operators strongly objected the renewal. Hence the application for renewal in respect of stage carriage KL 7 AE 7121 is rejected.’

Against this, the permit holder filed an appeal before the Hon’ble STAT in M.V.A.A No. 48/2017. On this, the STAT pronounced a judgment and a copy of

the judgment was received on 21/12/2019. The STAT set aside the decision taken by the RTA, Alappuzha held on 11/11/2016 and directed this authority to consider the renewal application as well as the application for condonation of delay on merits in the next meeting of RTA and pass orders in accordance with law after hearing all the parties concerned. The matter was again placed before the next RTA which held on 13/10/2021 vide item No15 and taken the decision as “.....Heard the learned counsel represented for the applicant. This is an application for renewal of Regular Permit in respect of stage carriage KL-07-AE-7121 on the route Veeyapuram – Venmony via Cyclemukku, Mannar, Budhanoor, Chengannur, Kanjirathumoodu, Kakkanattupadi, Parachanda, Changamala, Illathumeppuram for a further period of 5 years w.e.f. 14.05.2016. perused the Ordre of Hon’ble STAT in MVAA No. 48/2017 dtd. 28.11.2019.

Application for renewal of permit was rejected by this authority in its meeting held on 11.11.2016 vide Item No. 77. Appeal petition was filed before Hon’ble STAT and Hion’ble STAT in its order in MVAA No. 48/2017 directed to consider the renewal application and application of condonation of delay and pass orders in accordance with law.

Considered the applications on merits. Permits are issued in reference to a vehicle. In this case stage carriage KL 07 AE 7121 owned by the applicant was covered by the permit. This vehicle was dismantled on 04.02.2018. Stage Carriage KL 08 X 1575 was offered by the permit holder for replacement. But the vehicle KL 08 X 1575 is not owned by the permit holder and he failed to produce records of a ready vehicle in his name. An operator, who not only defaulted the service, but also ceased to own the vehicle for which the permit was issued, will not be entitled to a renewal of his permit. The vehicle KL 07 AE 7121 is not in existence. Permit can be renewed only on a ready vehicle. This permit can be treated as one under suspended animation ie, permit without a ready vehicle which is clearly contrary to the object and purpose of the 1988 Act and the 1989 Rules and Judgment in W.A. Nos. 2486, 2455 and 2769 of 2015 dtd. 06.04.2016. Hence **rejected.**”

Notes :- The renewal of regular permit in respect of stage carriage KL-17-A-4980 on the route Pallithode Beach – Thavanakadavu via Andhakaranazhy-Kadakkarapally – Thanky Jn – Ottapunna – Cherthala for a period of five years w.e.f. 26/03/2013 and for a further period of five years w.e.f. 26/03/2018 were rejected by Regional Transport Authority Alappuzha in its various meetings held on 21/02/2014, 12/03/2018, 11/07/2018 and 24/07/2019 consecutively for the reason that the permit holder failed to produce NOC from the financier. Against the above decision the permit holder filed an appeal before the Hon'ble State Transport Appellate Tribunal, in its order in MP No.153/2019 dtd. 06.08.2021, set aside the decision of this authority and directed to consider the application for renewal of permit and grant the same, provided it satisfies the legal requirements contemplated under MV Act and Rules. The renewal application was again considered on merits and placed before the Regional

Transport Authority and circulated the paper under Rule 130 and granted subject to the clearance of tax and other dues to Government, if any. The decision communicated to the permit holder on 26/02/2022 with direction to produce the current records of the vehicle within 30 days from the date of receipt of this order failing which the sanction is liable to be revoked without any further notice.

On 18/03/2022 the permit holder submitted a representation stating that he intends to replace the route bus KL-17-A-4980 (2004 model, 33 seat in all) with his own stage carriage KL -03-P-5556 (2006 model, 33 seat in all) since the route bus is not in road worthy condition and under continuous non use intimation w.e.f. 01/07/2019. This authority granted Maximum time ie, up to 18/05/2022 for the production of current records of route bus. But Permit holder Sri.Govindaraj prefers replacement of route bus with his own stage carriage KL -03-P-5556 and submitted PVA application for the same (without remitting prescribed fees) on 13/05/2022 rather than the production of current records of route bus to renew the same. As such enquiry conducted through the Joint Regional Transport Officer, Cherthala regarding the mechanical condition of the route bus. Enquiry officer has reported that S/C KL-17-A-4980 is not in good mechanical condition and body of the vehicle is partially dismantled and not fit for stage carriage service. Also reported that the repair and maintenance of this vehicle will create a huge economic burden. Decision of RTA dtd 08/02/2022 is not came into effect due to the non currency of records of route bus. Now stage carriage KL-03-P-5556 is conducting service in place of route bus on the strength of temporary permit which is valid up to 14/09/2022.

Hence RTA may hear the applicant, peruse the file and take a decision on renewal and replacement application.

Notes : The stage carriage KL 24 C 6465 is covered by regular permit on the route Kayamkulam – Changanassery via Chettikulangara, Mavelikkara, Mannar, Azhiyidathuchira, Idinjillam. The regular permit is valid till 10/4/2021. On 20/5/2019 permit holder filed an application for variation of permit by changing the termini from Kayamkulam – Changanassery to

Changanassery – Kayamkulam. In this regard MVI, Mavelikkara reported the following.

It is a long standing permit which was issued on 11/4/1991 in accordance with law to meet the requirement of travelling public. So this is a saved permit. The enquiry officer has reported that the re-arrangement of trips and termini will result in change in timings which will cause time clash among other en-route operators. This was a case where the existing timing was settled on 26/3/1998 after convening a timing conference. Now this plea were fuelled by oblique personal motives for private profit but it violates the principles of level playing field for other operators who otherwise satisfy the relevant criteria in fixing the present time schedule. There is no public interest or special circumstances to consider this proposal as per KMVR 145(7) i & ii. This route is well served with sufficient stage carriage services which are operated as desired by public and no change in railway timings found to consider this application. He emphatically reported that the revision of timings will adversely affect the traveling public.

The notification vide GO(p) No.8/2017 dtd 23/3/2017 impose restriction on grant of permits in respect of notified area or notified route except in accordance with provisions of such scheme. The substantive part of the notification therefore makes it clear that once the approved scheme comes into play, then there will not be any scope for grant of any permit in that area or the route covered by the scheme, except what is specifically permitted or provided under that scheme by itself. Therefore even in respect of protected operation under the scheme of any existing operator as on the date of the approved scheme he will have to restrict his operations to the extent to which he was permitted as on that date and the manner in which such operation was permitted and not beyond. Once things get frozen, the frozen stage can be changed only by way of a permitted process. So if the said frozen stage is to be altered or modified, the provision by which such modification of alteration can

only be effected by legally permissible manner. So the grant of variation Under Section 80 (3) of the MV Act will be as good as grant of new permit. Moreover a combined reading of clause 19 with other clauses in the said notification makes it clear that the proposed variation will seriously infringing the existing permit conditions of this vehicle which would run contrary to the prescription contained in Chapter VI of the MV Act.

In Subhash Chandra V State of UP[(1980)2 SCC 324] the Apex court held that the Provisions under Motor Vehicles Act, are geared for public safety and not for private profit and casts a duty upon the authorities to protect Indian lives moving in buses, walking on roads or even standing on margins. So the Motor Vehicles Act has been enacted not for granting benefits to transport operators, but with an object of preventing unhealthy competition between transporters one among the host of other issues relating to Motor Vehicles and Transport.

At present the applicant has applied for a variation of permit **as** Changanassery – Kayamkulam instead of Kayamkulam – Changanassery. So there is an alteration of termini as Chanaganassery – Kayamkulam which in turn violates the provisions of section 80(3)(i) of the Motor Vehicles Act and Rule 145(7) I & ii of KMV Rules and the prevailing notification as well. Thus the infraction of the stipulations made under section 80(3) (i) of Motor Vehicles Act have a perceptible effect on this variation. So by virtue of the mandate under section 80(3) of MV Act and and Rule 145(7) I & ii of KMV Rules, the proposed variation of permit is liable to be considered as a new permit. So all the required formalities for a fresh permit have to be satisfied.

The RTA, Alappuzha held on 24/7/2019 had considered this item and adjourned on request of the counsel for the applicant. The matter was again placed before the RTA which held on 13/10/2021 vide item No 2 and rejected. On 22/02/2022 Permit holder submitted an application through District

Collector Alappuzha and stated that his advocate was already appeared before the RTA meeting which held on 13/10/2021 and stated in that meeting that Item not to be pressed. But RTA Board misunderstood and rejected his application. Now applicant has requested to include this item in the RTA for reconsideration of that decision.

Hence the RTA may peruse the file and hear the applicant and take appropriate decision in the above matter.
