**Decision:** The learned council for the objector raised his objection, but has not produced any relevant documents to support his objection. The Honourable High Court in the Judgement in W.P(C) No. 3653/2014 & 17910/2015 dismissed the writ petition as in fructuous. A revision petition was filed u/s 90 of the MV Act against the order STA, Thiruvananthapuram. In the view of Appellate Tribunal there is no merit in the revision petition No.38/2017 and the revision petition was dismissed. Sri.H.Rafiuddin Ahammed has filed W.P. (C) No. 7666/2020 before the Honourable High Court to stay all further proceeding on Exhibit P14 which is the order of STAT. The Honourable High Court has not issued any orders so far regarding the prayers made by the petitioner. Considering all the above said facts, the **renewal of permit granted** to S/C KL 14 N 599 on the Interstate route Kannur-Mangalore subject to the counter signature of STA, Karnataka.

Application to vary permit by way of adding 3 single trips (in place of permit No.3/STA/1989 Lapsed vacancy due to non replacement of vehicle by the then permit holder Sri. K P Prakash, Kasaragod.) Validity of permit No.3/STA/89 expired on 31.12.2004. Applicant reported that the route is not allotted to anyone. She requested to allow the lapsed trip to her bus conducting service in the same route, as her bus has permission to conduct service for 150 km only. She proposed a time schedule for the variation of permit No.4/STA/89 operated by the Stage Carriage KL 05 R 3237.

Copy of permit variation application along with time schedule of the lapsed permit produced was forwarded to Regional Transport Officer, Karasargod to verify and report whether the vacancy is still in existence and the proposed variation by adding 3 single trips will affect any other operators in the route and any overlapping.

Regional Transport Officer, Kasargod vide letter No.C1/6111/2015 dated 09.02.2015, forwarded enquiry report of the Motor Vehicles Inspector of this office, Enquiry report is as follows:

1. Considering the over increasing demand for public transport system, providing better service to increasing traveling public between Kasaragod - Sullia and back it will be advantageous to the travelling public to report that the vacancy if the lapsed permit is still in existence.
2. There are about 35 stage carriages operating at present in route between Kasaragod - Sullia and back including Kerala/Karnataka Government and private stage carriages.
3. In order to ascertain whether the proposed variation by adding 3 single trips will affect other operators in the route, to settle clash less timings, it is hereby reported that a timing conference incorporating all the affected operators in the route may be conducted before finalizing the proposed variation.

As per clause I (2) of Interstate Agreement G.O (P) No.21/2009/Tran. Dated 06.02.2009, State Transport Undertaking of both the State alone shall be entitled to operate buses and trips on the routes earn marked under joint operation in the three earlier agreements and principal agreement and any vacancy that exists under joint operation under any other Appendices or Annexures shall be claimed only by the respective State Transport Undertakings and permits granted and countersigned.

Heard the counsel for the applicant and objectors. The Karnataka and Kerala State Road Transport Corporation have objected on the ground that as per the decision of the Honourable High Court of Karnataka in Writ Appeal No.840/2007(MV) and Honourable Supreme Court in Ashwini Kumar Vs RTA, Bikaner case and Division Bench of Allahabad High Court there is no provision for adding any additional trips operated on single point tax basis. In view of above, the application for variation of permit No.04/STA/1989 is rejected. Applicant, Smt. Santha has filed MVARP No.151/2015 before the State Transport Appellate Tribunal, Ernakulam.

As per the order of MVARP No.151/2015 dated 24.11.2019, the revision petition is allowed and STA, Thiruvananthapuram is directed to reconsider the application for variation afresh in the light of the observation made in this judgment and taking into consideration the contention raised by the KSRTC and pass orders in accordance with law within two months from the date of the receipt of the copy of this order. KSRTC raised the following objections:

The route Karasaragode – Sullia included in the Interstate reciprocal agreement 1976 between the State of Kerala and Karnataka in the Appendix II, serial number 11 has been availed by the KSRTC vide permit No.02/STA/2016 valid up to 01.02.2021 and counter signed from STA, Karnataka. The remaining 3 single trips covered in the Serial No.11 has been availed by the applicant, the remaining 6 single trips in Sl.No.12 of the Appendix II were allotted to the Kerala base private operators.

It is to be noted that the validity of No.3/STA/1989 granted to one Praksh (Late) was expired on 31.12.2004 thereafter no renewal application filed therefore the permit was lapsed. The KSRTC already availed the said lapsed 3 single trips to the applicant. At present there is no vacancy available to grant the additional 3 single trips to the applicant.

Karnataka RTC raised the objection is that the application for grant of three additional trips from Kasargode to Sullia is more than 24 Kms. Any variation of permit for more than 24 Kms is not permissible under Act. On that contention also the grant of additional trips is not permissible under Section 8093) of MV Act 1988.

Considering all the above said facts application for grant of variation of permit No.4/STA/1989 is rejected.

**Decision:** Heard the applicant and objectors and Perused the Judgement in M. V. A. A. No 35/2018 dated 13-06-2019 of the Hon'ble STAT. KSRTC objected the variation of permit by converting Ordinary service to Limited Stop Ordinary Service placing reliance on the judgment of the Hon'ble High Court in Babu Vs Regional Transport Authority reported in 2003 (2) KLT 216, wherein the Hon'ble High Court has quashed the order of the Tribunal and upheld the order passed by the RTA.

In the said judgment the Hon'ble High Court has held that *"The permits were issued to the appellants on the basis of the existing need. The stops were determined after taking into consideration the needs of the commuters. The convenience of the students was also taken into consideration while granting the permits. Now, if the appellants are allowed to convert the permits as fast passenger services, the number of stops will be reduced, the fare will be higher, the students who are entitled for concession when they travel by ordinary service will be deprived of the benefit."*

*The only advantage that may accrue as a result of the conversion will be a little relief to the long distance passengers, in that they will be able to reach their destination quickly. The R.T.A. analyzed these aspects and found that the common man will be affected if the conversion applied for is granted. The services are intended for the public. The public depend on the ordinary service for their travel. If the number of ordinary services is reduced and fare is also hiked, the common man will be deprived of the benefit that has accrued to him when the buses are being operated as ordinary services. As the learned Single Judge correctly put it, the R. T. A. is aware of the local conditions and his opinion is supported by good reasons. If that be so, there is nothing to interfere with the judgment." STA is of the view that the findings of the said judgment is squarely applicable to the facts of this case.*

Since the conversion of Ordinary Service to Limited Stop Ordinary Service will definitely causes difficulties to the traveling public especially to the student's community and short distance passengers and also taking into account the inconveniences of travelling public due to reduction in number of stops, non-availability of concession to students, the application for variation of permit number 16/STA/1992 in respect of stage carriage KL 09 S 7079 from Ordinary Service to Limited Stop Ordinary Service is **rejected**. The order of the Hon'ble STAT in M.V.A.A. No.35/2018 is complied accordingly.

In view of the judgment of the Hon'ble High Court, the matter again placed in this meeting and decided to implement the decisions taken in the STA meeting held on 09.01.2020 with out any modification.

“At present there is no uniform colour code prescribed to the Contract Carriages plying in the State. It can also be seen that the colour of most of the contract carriages are awesome with figures of film stars, international players, pictures of wild animals, birds and with peculiar type of colour combinations as per the whims and fancies of the painter rather than that of the owner. These gigantic paintings often attract the attention of other road users and causing accidents. Moreover the Honorable High court of Kerala in its judgment in WP (C) No. 24417/2019 dated 01.10.2019 declared that, exhibition of gigantic figures of film stars, writings etc, on the bus body and safety glass shall not be allowed.” Therefore uniform colour code is to be specified taking into consideration of all this factors and road safety concerns.

STA considered the matter in great detail and felt the necessity of implementing a uniform colour code for all the Contract Carriages permitted in the State. The following colour code is specified.

“The Contract Carriage vehicle shall be painted in **white colour** (hex colour value = #ffffff) **with a violet** (hex colour value = #5100a3) **ribbon of 10 centimeters width with a metallic gold** (hex colour value = #eccc5d) **ribbon of 3 centimeters width above the violet ribbon (with a gap of 1cm) at the centre of the exterior of the side body.**

The name if any may be painted at the top of the front side of the vehicle with a normal font with size not more than 12 inch in white colour”.

Name of the Operator or any other details if any as prescribed by law may be painted in a column not more than 40 cm height at rear portion of the vehicle and full width of the vehicle.

The said decision shall be implemented from **01/01/2022** for new Contract Carriages. In the case of other Contract Carriages the colour code specified shall be complied from the date of renewal of Certificate of Fitness.

Kerala Niyamasabha Secretariat committee in its conference held at Eranakulam on 05.12.2019, on complaints regarding the supply of contaminated water from the quarries as drinking water, recommended to implement uniform colour patterns to all water tankers in the state according to the nature of water it carries. The committee also recommended to implement GPS for all water tankers compulsorily.

STA considered the matter and perused the proposals of the Kerala Niyamasabha Secretariat committee and decided to implement uniform colour code to water tankers plying in the State as follows.

- a) Fresh water tankers - **Blue** colour  
(Hex colour value = #0859c6)
- b) Other purposes - **Light Brown** colour  
(Hex colour value= #b5651d)

The State Transport Authority also decided to implement GPS for all water tankers.

The said decision shall be implemented from **01/01/2022** for new Fresh Water Tankers, In the case of other fresh water tankers the colour code specified shall be complied from the date of renewal of Certificate of Fitness.
